CONCEPTION : although it might be evocative of certain metal modular systems from the office world, Dita clearly distances itself from these in a number of ways: its lacquered panels are in wood rather than sheet metal; its discreet profiled uprights with their sophisticated finish are perfectly placed, cast and not part of the structure; a matching handle which is light and beautifully designed; and its small, slim feet which continue the line of the structure in a very natural way. QUALITY OF MANUFACTURE & FINISHES: uprights are in 15 x 15 mm anodised aluminium section in a brushed bronze finish. These frame the wooden panels which are finished in argile lacquer on the interior faces and in a choice of 16 colours for all visible exterior faces: - satin white, argile and perle (standard), - brique, bleu lavande, chocolat, moutarde, elephant, ranger, noir, bleu nuit, brun acajou, bleu gentiane, cuivre, gris platine (to order). All items are single-sided but are finished on the back (back panels and edges in argile lacquer). Certain items may be given an optional double-sided treatment, with the addition of a rear finishing panel. Handles are in injected zamak, lacquered bronze to coordinate with the uprights. Hinges are black. The feet H 30 mm continue the
